GRANT 20

Salt River Pima Maricopa Indian Community Transit

SECTION 1. SERVICE AREA

The service area shall be the Salt River Pima-Maricopa Indian Community with routes into the surrounding communities of Mesa, Tempe, Scottsdale, and Phoenix for the purpose of accessing urban transit services.

SECTION 2. PROJECT SUMMARY

The Contractor will provide public transportation service on three modified fixed routes; one totally within the Salt River Community and two providing access to the above communities. A demand responsive service will be offered Monday through Friday, between 10:30 a.m., and 12:30 p.m., on an advance reservation basis to and from surrounding communities and within the reservation. The transportation system will coordinate with other transportation providers in the service area.

SECTION 3. ROUTES AND SCHEDULES

Routes and schedules shall be as described in the Contractor's approved application for funding.

SECTION 4. FARES

Fares are 50 cents for one-way intra-reservation trips and 75 cents one-way for trips starting or ending off reservation. All elderly and handicapped fares are 25 cents for any one-way trip.

If fare revenues fall below 17% of combined operating and administrative costs, the Contractor agrees to make up the difference from local funds. If, however, the contractor cannot make up the difference from local funds and or, if the contractor has not performed with contract schedule of activities, ADOT may deduct the difference from the Operating and or Administrative Federal Share.

Any fares collected will be applied toward the reduction of contract operational costs. If operational costs are funded completely from collected fares, any excess fares will be used to reduce the federal share of contract administrative costs.

SECTION 5. COST ALLOCATION

Since the project vehicles may also be used for non-project purposes, (with ADOT approval) the contractor agrees to keep accurate vehicle mileage logs to distinguish between Project and non-Project mileage. ADOT will reimburse vehicle related operating expenses in proportion not to exceed the number of actually driven Project miles as a percentage of the total miles. Charter services must be separated from mass transit services. No reimbursements may be made for charter services.

SECTION 6. EQUIPMENT AND MAINTENANCE

The service will utilize five vehicles:
3 - 22 passenger van with wheelchair lifts
2 - 15 passenger vans
Back-up vehicles are available from the Motor Pool

Maintenance and repair will be the responsibility of the Contractor.

SECTION 7. SCHEDULE OF ACTIVITIES

The Contractor agrees to complete the following activities. Reports documenting the completion of these activities shall be submitted to ADOT by the dates shown below. ADOT may withhold reimbursements for administrative expenses if the schedule is not met by the Contractor.
